 Program Director: Dr. Kelly Comfort, Associate Professor of Spanish in the School of Modern Languages

Experiential Education • Service-Learning • Total Immersion • Conversation Partners

Serve	SPAN 4156– Spanish Service-Learning Abroad I Students complete service projects in local schools, hospitals, non-profits, NGOs, or businesses. To the extent possible, students' professional and career interests are matched with the volunteer site. Students complete a total of 60 service hours in addition to class meetings.	3 credits
Learn	SPAN 4500 – Intercultural Seminar This course integrates cross-cultural studies and intercultural research and reflection with current event discussion and ongoing conversation practice with native speakers in Spain. Students will examine various cultural comparison methods and approaches used to assess the similarities and differences between U.S. and Spanish cultures.	3 credits
Sustain	SPAN 4693 - Sustainability in Spain This course focuses on the economic and environmental dimensions of sustainability studies in the Spanish context. The class includes site visits, fieldwork, and group travel throughout Spain to examine energy, land, and water use as well as examples of sustainable business, architecture, agriculture, and tourism.	3 credits
	SPAN 4158 - Social, Cultural, and Linguistic Diversity in Spain This course examines the social, cultural, and linguistic dimensions of sustainability and the concepts of diversity and equity in the Spanish context. The course includes field work and group research projects focused on understanding Spain's national and regional identity, its independence and separatist movements, its promotion of co-national languages, and its policies of inclusion/exclusion.	3 credits
